PANEPISTIMIO PATRON
Our Programs

Graduate Software Engineer
Patras, Greece

ABOUT
A software development role for recent university graduates or those graduating in 2021. We provide hands on opportunities to work on cutting edge technology.

REQUIREMENTS
• 2020 or 2021 graduate
• Passionate about technology
• Understanding of computer science fundamentals
• Proficient in 1 or more coding languages (no preference)

What you’re looking for
Our technology is built on the idea that everyone should be able to work from anywhere, at any time, and on any device. It’s a simple philosophy that guides everything we do — including how we work. If you’re an engineer, we’ll give you plenty of ways to test your skills on cutting edge technology. We want employees to do what they do best, every day.

Be bold. Take risks. Imagine a better way to work. If this sounds like you then we’d love to talk.

Summer Intern Software Engineer
Patras, Greece

ABOUT
A software development role for current students expecting to graduate in 2022 or later. We provide hands on opportunities to work on cutting edge technology.

REQUIREMENTS
• Graduating in 2022 or later
• Passionate about technology
• Understanding of computer science fundamentals
• Proficient in 1 or more coding languages (no preference)

"Whether you’re joining Citrix as an intern, graduate, or any other type of employee at Citrix, the opportunities are endless”
- Dan, 2016 Intern and 2018 Graduate
