**LEARNING OUTCOMES**

**Learning outcomes**

The course learning outcomes, specific knowledge, skills and competences of an appropriate level, which the students will acquire with the successful completion of the course are described.

Consult Appendix A

- Description of the level of learning outcomes for each qualifications cycle, according to the Qualifications Framework of the European Higher Education Area
- Descriptors for Levels 6, 7 & 8 of the European Qualifications Framework for Lifelong Learning and Appendix B
- Guidelines for writing Learning Outcomes

The course introduces students to the basic concepts of Commercial Law, which are necessary for a complete understanding of the business context of an economy. After successful completion of the course, students are expected to:

- Have the ability to understand how business activity is regulated in an economy
- Understand how companies are set up and operate
- Understand and evaluate companies' contracts and the resulting obligations
- Be able to analyze and evaluate Court rulings on commercial law issues

**General Competences**

Taking into consideration the general competences that the degree-holder must acquire (as these appear in the Diploma Supplement and appear below), at which of the following does the course aim?

- Search for, analysis and synthesis of data and information
- Project planning and management
- with the use of the necessary technology
- Respect for difference and multiculturalism
- Adapting to new situations
- Respect for the natural environment
- Decision-making
- Showing social, professional and ethical responsibility and sensitivity to gender issues
- Working independently
- Criticism and self-criticism
- Team work
- Production of free, creative and inductive thinking
- Working in an international environment
- Others...
- Working in an interdisciplinary environment
- Production of new research ideas
- Others...
• Search and compilation of information
• Decision making
• Working in an interdisciplinary environment
• Promote free, creative and inductive thinking
